**COMPANY OVERVIEW**

Veteran Scaffolding is a veteran-owned specialty trade contractor providing comprehensive scaffolding solutions for commercial, institutional, and industrial projects across Missouri. Founded in 2024 by military veterans, we bring discipline, precision, and an unwavering commitment to safety to every project. From high-rise exterior renovations to roof replacement support, our team delivers expertly engineered scaffold systems—including frame, system, suspended, rolling, and supported configurations—tailored to the unique demands of each job site.

**PAST PERFORMANCE**

**Ellis Library Exterior Renovation – University of Missouri**

**Client:** Wilson Group – 2021

**Value:** \$378,000

Complete exterior scaffolding system erected to 10 decks high for major university library renovation. Engineered and installed multi-level scaffold access for masonry, waterproofing, and façade restoration crews working on a historic campus building.

**University of Missouri Roof Replacement**

**Client:** Delta Innovative

**Value:** \$88,000

Provided scaffolding access systems for institutional roof replacement project, enabling safe and efficient work at elevation for roofing crews.

**CORE COMPETENCIES**

**Full-Service Scaffold Solutions**

Engineering, erection, modification, and dismantling of all major scaffold types for any project scope.

**Multi-System Proficiency**

Frame, system, suspended, rolling, and supported scaffolding for site-specific requirements.

**Equipment Rental & Leasing**

Scaffolding equipment available for rental with or without trained operators for project flexibility.

**DIFFERENTIATORS**

**High-Rise Expertise**

Proven capability to scaffold structures 10+ decks high for complex exterior renovations and institutional projects.

**Scalable Project Capacity**

Flexible project sizing from \$1,000 quick-deploy jobs to \$378K+ large-scale institutional contracts.
